Focusing Our View Within the System: Discussing Evidence

Zoom In What is our current reality? What kind of information are we looking for to move us toward the results we desire?	**Zoom Out** Why do we need this information? How will it advance our work?
Panoramic How will these decisions or conversations impact our system? What is the potential to create greater balance and alignment within?	**View From Above** How will we leverage the gifts and talents of the people within the system to heighten systems thinking throughout?
