Project Title:					
<p>Directions: Create four or five questions that you will put on a separate form for your testers. Use a 1-5 rating scale, where 1 means “Not at all” (or the worst answer) and 5 means “Absolutely” (or the best answer). Think about what you need to know to make your solution the best it can be before writing your questions. Create your feedback form and make sure you have enough copies of it for all of the testers. Try to leave some space for comments on your form.</p>					
<p>Could you follow all the instructions? (This is an example question for a board game.) 1: Not at all 2: A little 3: Maybe 4: Most of them 5: Absolutely</p>
