

Action Research Form to Monitor Effectiveness of Quality Questions

The Question:											
Evidence of Engagement:				Evidence of Learning:				Evidence of Collaborating:			
Circle the score to match evidence provided (4 is high).											
1	2	3	4	1	2	3	4	1	2	3	4
Reflection:											
What did I learn about questioning as students engaged in answering this question?											
Did I have to rephrase or clarify the original question? If so, how?											
What did students do with the original question? What types of questions did they ask?											
What changes would I make in that lesson in the future?
