

# Curriculum Alignment

**Instructions:**

1. In the template, write major learning outcomes and unit titles.
2. In the "Intended" and "Assessed" columns, write 1 if they apply to the unit.
3. Add these numbers to get the breadth scores.
4. In the "Enacted" column, write 1 for introduced, 2 for emphasized, 3 for reinforced, or 4 for advanced.
5. Add these numbers to get the depth scores.
6. Compare the breadth and depth scores across units to see if any are off the mark. Examine the last row ("Totals") to ensure all outcomes are adequately covered by planning, instruction, and assessment.
