

Chapter 23 Reflection Questions

Now that you have completed the chapter, consider and reflect on the following questions.

1. What ideas, tools, or strategies do you use that others have said you should share? Have you shared them in a formal setting? If so, where? If not, where might be a good place to start?
2. Are there local, regional, or national conferences that you might like to present at? Consider looking at their event websites and finding out when their next conferences are and how to apply to be a presenter.
3. What are your greatest fears that might hold you back from sharing your ideas with your colleagues? What might be a solution to overcome these fears?
4. What contacts have you made in working with event organizers or when working with other teachers? How might you tap their knowledge and experience to improve your presenting skills?
